

US Coast Guard Auxiliary

First Coast Guard District Northern and Southern Regions

Participant Satisfaction Survey

2016 Leadership Development Academy (Dec 2016)

Purpose:

The intent of this survey was to solicit feedback from student attendees, at the 2016 First Coast Guard District (Northern and Southern Regions) Leadership Development Academy (LDA), to be used by District Leadership and cognizant staff to evaluate the value of the program to student attendees and generate suggestions for improvements for future training.

Scope:

The population targeted by this survey was student attendees of the 2016 First Coast Guard District (Northern and Southern Regions) Leadership Development Academy (LDA). The 2016 LDA was held at the US Coast Guard Academy (CGA), New London, CT, December 09-11, 2016. Berthing and meals were made available at the CGA for those from outside the New London Area.

Materials and Methods:

The survey was constructed on the website Survey Monkey. Questions and format were vetted in advance by the DCO's and COS's of D1NR and D1SR, USCGAUX. The survey instrument was distributed via email on 16 JAN 2017 to members listed as student attendees on lists provided by DSO-MT D1NR (2016) and COS D1SR. A reminder message was sent to all student attendees on 31 Jan 2017. The target population was all 73 student attendees (2016), 11 members from D1NR and 62 members from D1SR. The survey response collector was closed on 19 FEB 2017 (33 days).

Results:

In total, responses from 43 student attendees out of a possible 73 (60% total response rate) were constructively received. By Region, D1NR had 07 respondents of 11 possible (64 % response rate), while D1SR had 36 respondents of 62 possible respondents (58 % response rate).

In the Consolidated Responses Section below, the collective responses to each question are presented. It is observed that 93% of all student attendees found their overall experience at the 2016 LDA (Q3) to be Very to Somewhat Favorable. Responses to questions about the venue (Q4, Q16), instructional staff (Q8), opportunities for networking (Q16), and the respondent's likeliness to recommend this program to others, all received similarly favorable responses. Evaluating responses to other questions, including open responses will require some thoughtful review by the reader.

If decision makers are interested in parsing the data further, for example to understand differences in responses from attendees at the three different course offerings, or possible

differences in the views of those who berthed at the CGA vs. those staying elsewhere, that can be done. Please contact the DSO-CS D1NR.

1	Dealing with "troublesome" members	1/31/2017 5:38 PM
2	a small portion on AUP	1/31/2017 4:14 PM
3	Response directorate activities.	1/31/2017 3:54 PM
4	some hands on situations to help improve our attendance	1/20/2017 9:14 PM
5	Detailed Award Writing for Division Commanders	1/19/2017 8:22 AM
6	Much more specificity is needed on FC responsibilities, timetables and resources for development. The absence of take-aways to hit the ground running, and well organized citations to resources on the Aux and CG web were very disappointing. Instructors were excellent, but organization and hard, practical tools in hand need more focus and delivery.	1/17/2017 10:34 PM
7	During the last class on Sunday, we got off topic and started a discussion amongst the flotilla commanders about how things were going in their flotillas. It was very informative. I think we could have easily gone on for the whole hour.	1/17/2017 11:11 AM
8	What to expect as a new incoming Commander or Flotilla commander. How to accomplish the responsibilities of the new job. Requirements of the first few weeks of office. A class on the paperwork that has to be done almost immediately	1/17/2017 8:44 AM
9	developing interpersonal skills	1/17/2017 8:42 AM
10	smaller classes	1/17/2017 12:48 AM
11	For the FC, year 1, you need to teach the basic needs of the job that they will be facing. The program needs to start when they are the Vice. This will build up the leadership. FC Year 2 needs to be done at the start of the FC's 1st year in office, don't waste a year. Div Cmd course can be given to upcoming FC so that they will run for Div office.	1/16/2017 10:46 PM
12	In some cases, better instructors and maybe gold side instructors.	1/16/2017 9:48 PM
13	It seemed that many of the instructors covered the same thing- just with a different name. Up date all classes	1/16/2017 9:41 PM
14	More scenario-focused training on how to address issues that we will experience in our role.	1/16/2017 9:39 PM
15	I would add things such as 1)how to fill out travel orders for District meeting, Paper work needed like audit, inventory, standing rules and how to change banks with and including state id number	1/16/2017 9:39 PM
16	A longer course during the summer	1/16/2017 9:38 PM

9	Some of the information was very basic ... As an FC, information covering wear of the uniform could be condensed as we should already have significant experience in that area - or know where to find the info if needed.	1/16/2017 9:40 PM
